PRESS RELEASE – MAY 2018

JET CANDY joins AMBER LOUNGE U*NITE 2018

A SECRET TRAVEL COMPANION TO STOP JET LAG

Amber Lounge: this glamorous social soiree is still Formula One's best kept secret. The three nights (Friday 25th - Sunday 27th May) of electrifying parties will see a coterie of celebrities, dignitaries and models gather in one place, from all around the world.

This year sees F1 drivers head to Amber Lounge's 15th Anniversary, with A-List stars, celebrities and Royalty to raise funds for Sir Jackie Stewart's foundation, Race Against Dementia, at the U*NITE clubbing event, which is considered one of the most exclusive clubs in the world of F1. Monaco in Monte Carlo, the home of Amber Lounge and undeniably the most iconic of all Grand Prix locations, kicks off this season with its signature high-octane celebrations.

This year, Amber Lounge also sees a new name join the scene of international world travel and Formula One lifestyle: enter **Jet Candy**. A brand built on successful collaborations, purpose and synergies, Jet Candy is taking a small but significant place at the Amber Lounge U*NITE party, to bring wellbeing and importantly, a jet lag remedy to the glamorous gathering jetting off around the globe after the Grand Prix. Since the first Monaco Grand Prix held in 1929, there might finally be guests and drivers travelling the globe without the drag of jet lag....

Jet Candy is working its way to bring this prestigious audience, and the world of travel in general, its best kept secret: a secret which is an all-natural homeopathic remedy for jet lag. Since aircraft have taken travel to new heights across time-zones, we can enjoy the journey, and kick the jet lag.

How it works: Allowing the internal body clock to function during long-haul, Jet Candy also helps with dehydration, fatigue, disorientation, mental sharpness and other symptoms associated with the disruption of the circadian rhythms. The remedy comes in a travel-sized dispenser with a practical pill distributor cap, perfect for carry-on, which you can tap, twist and take on the go.
